The Little Seed

Once there was a little seed,
Tucked in the earth, a tiny bead.
With sunlight warm and water pure,
It grew and grew, of that, I'm sure!

It stretched its roots deep in the ground,
And with a little rain, it found,
Strength to grow up tall and strong,
A tree that stood so proud and long.

From a tiny seed to a mighty tree,
A symbol of growth for you and me.
Remember, my friends, no matter your size,
With time and love, you'll surely rise! (87 words)
